

Assignment 2 : Laundry Services Hero Section

Problem Statement : Design and implement the Hero section of a web application for a laundry service.

Problem Description : The objective is to create a web application for a laundry service that streamlines the user experience.

Tasks :

- **Navbar:**
 - Design a navigation bar with the following sections: Home, Services, About Us, Contact Us.
 - Include a logo on the left and the user's name on the right.
- **Hero Section:**
 - Create a hero section with two divs.
 - **Left div** : Heading, description, and a "Book a Service Today" button.
Make it look similar to sample output
 - **Right div** : Display an image related to the services (You can use any image related to laundry from the internet).
 - Use **Viewport** units to fit the whole section in the screen. It Should not go in scroll.

Submission Guidelines :-

- Deploy your code to netlify make sure to name your html file as index.html.
